THE WORD "NICKNAME."

It Had Its Origin In the Old English Word "Eke."

The word nickname has its basis in the old English "eke," an addition or prolongation, as used in "The Merchant of Venice," "'Tis to piece the time to eke it and to draw it out at length." Beekeepers still call a wooden cylinder added to a hive to increase its capacity an "eke," and we speak of eking out an income.

A nickname, therefore, is an ekename, or one added, which gained its present form through the transfer of the "n" of the indefinite article used with it from its proper place to the front of the noun. Thus "an ekename" became first a "a nekename" and then "a nickname."

There are some similar cases in English of which the word "newt" is an example, having been originally "an ewt." Sometimes the "n" has left the word and become attached to the article, as in apron, which was in olden times a "napron," while "a nauger" has come down to us as "an auger."—Saturday Review.

Carrier Pigeon Memory.

I have known the pigeons imported from Belgium and kept prisoners for years, which, when liberated, struck out for home, only to be drowned in the Atlantic or picked up by some ship at sea. This proves that no distance appalls them.

During the Franco-Prussian war the French caught a homing pigeon which was being sent to transmit information out of the besieged city of Paris. The bird was made a prisoner of war and kept in confinement for ten years. When given its liberty it at once returned to its old home, showing that ten years was not sufficient to drive from its mind the memory of home.—Country Life In America.

Dilution Extraordinary.

A member of the French academy reported that twenty-five experiments on animals showed each time that poisoned blood is active even after dilution 1,000,001,000,000 times. The strength of the average homeopathic dose is from about the third to the sixth decimal. This demonstrates that those who say that there is no medicine in a homeopathic dose betray ignorance.

Just What He Meant.

"Charley, dear," said young Mrs. Torkins after her husband had been playing a social game, "why are you so often without money?"

"It is due to the way I was raised."

"You mean reared, don't you?"

"No. I mean raised."—Washington Star.

Sowing and Reaping.

The law of the harvest is to reap more than you sow. Sow an act, and you reap a habit. Sow a habit, and you reap a character. Sow a character, and you reap a destiny.

BURIED BANK BILLS.

They Had Almost Crumbled to Dust, but Were Redeemed.

The money counters in the United States treasury were startled one day, says Theodore Waters in the November Everybody's, by the appearance of a remarkable looking fat man who entered the department and told a strange tale. He said he was an Ohio farmer and did not believe in banks, and so had buried his money in the ground for safe keeping. He had dug it up and was horrified to find that it was slowly turning to dust, as notes will

TOWN COUNCIL.

An Arc Light Wanted on Corner of Fourth and Seventh Streets.

The City Council held a short meeting Tuesday night at which all of the members were present. The proposed municipal improvements, including street work, new water pipes and additional sewer mains, were fully discussed, and it was decided to employ Surveyor Gilbert to make measurements to ascertain the length and grades of the different streets proposed to be improved.

A number of citizens residing on D street petitioned the board to erect an arc light on the corner of Fourth and Seventh streets. The matter was laid over until the completion of the pending contract for additional street lights.

On account of an irregularity in the recent proceedings the city improvement bonds of $100,000 were again sold to the First National Bank of San Mateo County at the figure originally offered by the bank at par and accrued interest.

The Street Superintendent was directed to lay the necessary pipe for connecting the property of Mrs. Schafer on D street with the sewer.

F. R. Poole, who solicits the sale of coffee about town asked for a merchant's license of $2 per quarter, claiming that he had a place of business, but the board decided that he was not a regular business man and therefore must pay the peddler's license of $25 per quarter.

Titus vs. Davis.

Mrs. A. A. Titus has begun suit to set aside a deed made by her to her brother, Geo. L. Davis, a wealthy farmer of Salinas. The ground she claims for setting aside the deed is that the instrument was not a deed in fact, and that her brother holds the property in trust for her. The property in question is Titus Block, in this city, and is now valuable property, Davis had a mortgage on the real estate for a sum equal to its value, and finally, in order to avoid foreclosing, accepted a deed to the mortgaged premises. Shortly after the transfer Davis put the real estate on the market for the amount expended by him, but was unable to make a sale. Owing to the brisk activity of the real estate market here now, Davis would find no difficulty in getting a purchaser.

Mrs. Titus is represented by attorney Johnson of this city, and Davis by Judge Alexander of Salinas and Jas. T. O'Keefe of this city. The case will go to trial early in February. Mrs. Titus has been notified to vacate the premises.

Preliminary Examination.

The preliminary examination of Jeff Breen, charged with the murder of one Olsen at Burlingame two weeks ago, was partially heard in Judge Hannon's court yesterday. E. F. Fitzpatrick and M. L. Schmitt appeared for the defendant, and District Attorney J. J. Bullock prosecuted the case. Only two witnesses were examined, Dr. Ross and John Breen. Further hearing was continued until next Wednesday.

Nothing More Wonderful.

Indigestion, insomnia, overwork, may be the possible cause of your headache, but Wright's Paragon Headache Cure is as certain as the sunrise. No scientific truth more wonderful than the amount of positive relief contained in one small wafer or tablet. Down goes the cure, away goes the headache, up go your spirits. That is the process. The most desirable feature of this medicine is its immediate action, as it will generally relieve the most severe pain in five minutes, while at the same time it is harmless, tasteless, will not purge or disturb the stomach, and has no unpleasant after effects. Wright's Paragon Headache Cure may be relied upon as being entirely free from anything of an injurious nature, and is absolutely without a rival.

The partisans of Senator Bard manifest a curious reluctance to going into caucus on the Senatorship. This does not indicate a very strong belief on their part that Mr. Bard is the choice of the Republicans of California to succeed himself. Or perhaps they may shrink from the revelation of relative strength below the Tehachapi divide a show-down would entail.

Richard Pearson Hobson discerns a world war looming up on the horizon as a result of the capture of Port Arthur. If Admiral Sampson had understood what a bore he was inflicting on the public he never would have authorized the sinking of the Merrimac.

Congress would not stand for the inaugural ball in the national capitol. What is the matter with holding the ball in the Washington monument so that it may go down in history as the high ball?

The honey of wisdom is gathered from thorns, not flowers.

A GRIM TRAGEDY

is daily enacted, in thousands of homes, as Death claims, in each one, another victim of consumption or pneumonia. But when coughs and colds are properly treated, the tragedy is averted. F. G. Huntley, of Oaklandon, Ind., writes: "My wife had the consumption, and three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption, Conghs and Colds, which cured her, and to-day she is well and strong." It kills the germs of all diseases. One dose relieves. Guaranteed at 50c. and $1 by P. A. Ryan, druggist. Trial bottle free.

"Whither are we drifting?" inquires the Santa Cruz Sentinel. Toward the future, according to our compass.

SICKENING SHIVERING FITS

of Ague and Malaria, can be relieved and cured with Electric Bitters. This is a pure, tonic medicine; of especial benefit in malaria, for it exerts a true curative influence on the disease, driving it entirely out of the system. It is much to be preferred to Quinine, having none of this drug's bad after effects. E. S. Munday, of Henrietta, Tex., writes: "My brother was very low with malarial fever and jaundice, till he took Electric Bitters, which saved his life. At P. A. Ryan's Drug Store: price, 50c., guaranteed.

"If that man Lawson wants to depress the market there's a mighty fine way to make himself popular."

"How's that?"

"Let him jump on the present price of eggs."

SPOILED HER BEAUTY.

Harriet Howard, of 209 W. 34th St., New York, at one time had her beauty spoiled with skin trouble. She writes: "I had Salt Rheum or Eczema for years, but nothing would cure it, until I used Bucklen's Arnica Salve." A quick and sure healer for cuts, burns and sores. 25c at Ryan's Drug Store, Redwood City.

Give the doctor his due. It might have been an undertaker who invented the quick lunch.

GREATLY IN DEMAND,

Nothing is more in demand than a medicine which modern requirements for a blood and system cleanser, such as Dr. King's New Life Pills. They are just what you need to cure stomach and liver troubles. Try them. At Ryan's Drug Store, 25c, guaranteed.

1905 was welcomed into Redwood last Sunday morning as beseemingly as usual. The Frank Tanning Co.'s whistle was the first to note the arrival, but a second later all of the bells and whistles were sending forth their greetings. A large number of persons were on the street, and the Happy New Year greeting was heard on all sides. The small boy was, of course, in evidence, and as a result gates were missing, hinges broken and sundry other acts committed that should not have been done. Still, taking all in all, New Year passed very quietly, and every prospect points toward a good year.

Duck Hunting Good.

Duck hunting on the marshes along the bay has been very good during the past week and some fine bags are reported by local sportsmen. The absence of rain, remarkable for this season of the year, has kept the birds close to the bay, giving the San Mateo County hunters a longer season than usual. With the arrival of the rains the birds will fly inland to the large fresh water valleys. Quail shooting is also much better than usual.

A BOOM IN MARSH LAND.

What Was Once of Little Value Will Be Made Very Productive.

Mr. Dungan of Eureka, one of the purchasers of the 2000 acre tract of marsh lands in front of Belmont, was down Wednesday going over the ground and completing his arrangements for the immediate reclamation of that tract. He says:

"We have about completed our plans for the reclamation of the entire tract and the work will be commenced as soon as we can get the dredgers at work, which will be right away. We propose to do the work in a thorough up-to-date way.

"This class of work has been reduced to practically an exact science to such an extent that there is no need to experiment. We know what we want and we are going to do it thoroughly and well. It will be done entirely with steam dredgers and the work will be of a massive, permanent character and the drainage of the land, which is the only problem in this locality, will be done so thoroughly that when completed the land will be even more free from water than uplands, where the water has not been so well taken care of. The entire absence of freshets and high rises of tides renders this a very easy matter to accomplish.

"We expect to have the land ready for the plow this summer and will either plow it ourselves, or will rent it out, if we can get suitable tenants.

"In the neighborhood of Eureka this class of land has been very successfully handled. A few years ago it was going begging at $5 per acre; now it commands $150 to $300 per acre and is looked upon as the best meadow land; it is suitable for raising all kinds of berries and garden truck. In Eureka, owing to its remoteness from the market, it is used almost entirely for dairy purposes. The land here is of the same general character as that, excepting that it is a little higher and is not subject to freshets or danger of excessive high water. Its main advantage is its "get-at-able-ness" both by rail and water to San Francisco, the main market of the Pacific Coast."

Mr. Russ of the Russ estate, probably the largest owners of land in Humboldt county, was in Redwood City a few days ago, looking over the situation with a view to buying a tract of marsh land. The Russes are very conservative farmers, but are now reclaiming a large tract of this land in Humboldt county, and are looking with interest at that in our neighborhood.

COUNTY BOARD IN SESSION

Official Business Transacted by the Supervisors at Last Meeting.

A New Board in Session—After Twelve Years of Service P. H. McEvoy Retires.

The Board of Supervisors met in regular session Tuesday. All members were present.

McEvoy asked that the regular order of business be suspended, as he desired to make a statement in reference to the financial condition of his district before retiring. Mr. McEvoy then presented the following report, which was accepted and filed on motion of Debenedetti, seconded by Eikerenkotter:

REDWOOD CITY, Jan. 3, 1905.

To the Honorable Board of Supervisors:

GENTLEMEN—As I am retiring from your councils, and there being certain matters pertaining to my district of which there is no record, and as I do not see any other way of establishing a record, other than my report, I make the following with that view, to establish a record:

There is owing to my district from Clark & Henry, of Stockton, the sum of $243, being for 108 yards of rock at $2.25 per yard, "as per Report of Engineer, which is here attached." Also there is owing to my district from H. B. Mowry and Son, of Menlo Park, the sum of $180, being for 90 yards of rock at $2 per yard. I recommend that the said amounts be deducted from any monies due the said parties, and the money so collected be placed to the credit of the Third Road District.

Yours truly,
P. H. McEVOY.

A. EIKERENKOTTER, Supt.

The following liquor licenses were granted to those applicants whose petitions had been filed at the December meeting:

First township—W. R. Markt, San Bruno road; bondsmen, C. D. Hayward and H. W. Schaberg. B. A. Barret, Sierra Point house; bondsmen, H. F. Butts and C. D. Hayward.

Second township—W. A. Emmett Company, Belmont; bondsmen, H. W. Schaberg and J. F. Johnston.

The application of G. Anderson for license to conduct a saloon on the Mission road near the new Masonic cemetery was rejected, as the limit of 105 licenses had been issued.

J. H. Hatch's petition for a license at Burlingame was laid over until February 20th.

McEvoy explained that there was a shortage of $3000 in the Third Road Fund, and would ask that the Auditor be instructed to transfer that amount from the General Road Fund. On motion of Eikerenkotter, seconded by Debenedetti, the following resolution making the transfer was unanimously adopted:

WHEREAS, This Board at its regular meeting held on the 19th day of September, 1904, apportioned the tax levy among the different funds provided by law. And

WHEREAS, By inadvertence and mistake the necessary and proper order was not made at said meeting; now, therefore, be it

Resolved, That the sum of Five (5) Cents on each $100 of taxable property in the County of San Mateo, be deducted from the Road Fund of said County of San Mateo, and placed to the credit of the General Road Fund of said county, which said General Road Fund is hereby created. And be it further

Resolved, That the minutes of said Board of Supervisors of said County of San Mateo, of date September 19th, 1904, be, and the same are hereby ordered corrected for the purpose of creating said General Road Fund in accordance with the intention of said Board as expressed at said meeting, and in accordance with this Resolution, and that the County Auditor and County Treasurer be and they are hereby directed to deduct and set apart said sum of five cents on each $100 of taxable property in said county from said Road Fund and place the same to the credit of said General Road Fund.

Debenedetti said his district was impoverished, and asked that $1200 be transferred from the General Road Fund to the Fourth District Fund. On motion of McEvoy, seconded by McCracken, the Auditor was instructed to make the transfer. Eikerenkotter and Coleman voted no on the motion.

The application of J. H. Hatch for a liquor license to do business at Burlingame was continued to February 20th, when the protests on file will be heard.

The hour of 12 o'clock having arrived, Mr. McEvoy took occasion, before retiring, to thank his fellow members for their courtesy and kindness to him during his twelve years' incumbency. He said that the dearest must part, and in thanking the Board he did so with the profoundest sincerity; that his utterances were not mere hollow words, but were from the heart. He trusted the members would accord the same treatment to his successor as was given him.

The Board then adjourned *sine die*.

County Clerk H. W. Schaberg called the new Board to order and declared nominations for chairman in order. McCracken placed the name of J. H. Coleman before the Board, and the nomination was seconded by Eikerenkotter. There being no further nominations, Mr. Coleman was unanimously elected. On taking the chair he thanked the members for the honor bestowed upon him, and pledged himself to be impartial in his rulings. He urged harmony in the Board, and that all would work for the best interests of the taxpayers.

John McBain, the new member, made a neat speech, saying that he was not familiar enough with the affairs of the Board to speak at length, but would do his best to serve his constituents faithfully. Above all things he urged harmony in the Board to the end that much good could be accomplished.

At the suggestion of District Attorney Bullock the actions of the former Board during the morning session were ratified by the new Board. An adjournment was taken until 1:30 o'clock.

AFTERNOON SESSION.

The Board reconvened at 1:30 pursuant to adjournment during the morning session. All the members answered roll call.

Chairman Coleman announced the following committees:

Supplies—John MacBain, C. L. McCracken, Julius Eikerenkotter.

Public Buildings and Grounds—Jos. Debenedetti, C. L. McCracken, Julius Eikerenkotter.

Auditing and Finance—Julius Eikerenkotter, Joseph Debenedetti and John MacBain.

County Farm and Hospital—C. L. McCracken, J. H. Coleman, Joseph Debenedetti.

The following liquor dealers gave notice of intention to apply for licenses at the expiration of a month:

First township—John Bracken, Andrew Daly, Caleb Coakley, Colma; D. Cincio, H. Gerdes, George Kneese, Thad Huber, L. Simi, Delia Harrington, South San Francisco; A. D. Jonevelo, San Bruno.

Second township—P. L. Archibald, Belmont.

Third township—C. A. Cavalli, La Honda.

Fourth township—C. P. Mosconi, Purissima.

C. D. Hayward asked to have the assistance of the County Surveyor for 25 or 30 days to do some platting on the map books. The formation of numerous new subdivisions in the county made the work necessary. On motion of Debenedetti, seconded by McCracken, the request was granted.

The application of G. Anderson to conduct a saloon near the new Masonic Cemetery was rejected, as the limit of 105 had been issued. An order was made by the chairman that hereafter all saloon men must apply for a new license at the expiration of their old permits. The reading of several applications showed that many were in arrears, some as far behind as six months. The Clerk was instructed to transmit a copy of the new liquor ordinance to each saloonkeeper.

License Collector Granger, to whom was referred the application of F. Anderson of South San Francisco for permission to transfer his saloon to a new location, explained to the Board that Anderson had sold his business last October, including the license, which expires next March, to L. Simi. Anderson led the latter to believe the transaction was legal. When apprised of the true facts in the case Simi applied for a license. District Attorney Bullock and F. M. Granger thought Anderson acted in bad faith and that the application of Simi should be favorably considered.

K. C. Cane, poundmaster of San Mateo, was elected Poundmaster of the Second Township by a unanimous vote.

On motion of Debenedetti, seconded by McCracken, Mary George of Pescadero was allowed $8 per month for the support of her two children, Minnie and Louise George.

Superintendent A. Eikerenkotter of the Poor Farm reported the death of Harry Freeze and Dolores Osorio, both of whom had been receiving aid from the county.

Clark & Henry applied for an extension of thirty days to complete the small bridge over San Mateo creek and the bridge on the San Bruno road. On motion of Etkerenkotter, seconded by McCracken, the firm was granted an extension of fifteen days in which to complete its contracts.

A map of El Cereto Park at San Mateo was accepted and ordered filed, and the streets delineated thereon declared to be public highways.

Chairman Coleman called the Board's attention to the impoverished condition of the General Fund. He suggested that the members refrain from making further demands upon it in doing bridge work.

The awarding of contracts for county farm supplies was taken up and the following bids opened:

Groceries—Levy Bros. presented the only bid which was $1074.60.

Feed—Levy Bros., middlings, per ton, $31.50; bran, per ton, $25.50. San Mateo Feed and Fuel Co., middlings, $31; bran, $25.

Coal—San Mateo Feed and Fuel Co., per ton (2000 pounds) $11.

Clothing—Levy Bros., $154.

Shoes—Levy Bros., $120.

Drugs—Baskett Drug Co., $37.60.

Meat—Hind & Langley, hind quarters, 8 cents; fore quarter, 7 cents; chuck and buttuck, 6½ cents; plate and bricket, 6½ cents; mutton stew, 7 cents; mutton carcass, 8 cents; fore quarter, 7 cents; meat to be delivered in Redwood City. Schick & Brady, meat, fore quarter; mutton, fore quarter and mutton stew, each 7 cents per pound,

Prunes—J. K. G. Winkler, 4 cents per pound.

The feed and coal contracts were awarded to the San Mateo Feed and Fuel Company, the clothing and shoe contracts were awarded to Levy Bros. and the drug supplies to the Baskette Company.

The meat contract was not awarded on account of the failure of the bidders to conform to the published notice, and the groceries' contract was laid over to allow an investigation of Levy's bid.

No further business appearing, the Board adjourned to January 16.

WOODSIDE CHIPS.

WOODSIDE, January 6.—George McArthur spent New Years with friends in the metropolis.

A merry 'bus load consisting of the families of D. Mullen, Charles Jacobus and H. E. Heiner and daughter Olga, of Redwood City, Carrie Carr of Mont Rio, and Minnie Siebe and Walter Kneitzburg of San Francisco, visited Woodside Monday and were delightfully entertained by Mr. and Mrs. N. Hansen, of Oak Hill Farm.

At a meeting of the hall directors last Saturday evening the old board, with the exception of Wm. McNulty, was re-elected, N. Hansen being chosen in his place. The matter of putting in a new floor and enlarging the hall was thoroughly discussed, and action will be taken to that end at once.

Jerry Hollinshead and George Bogle are engaged in reshingling the schoolhouse. The contractors are experts at this line of building, and no doubt some good work will be done.

A social dance will be given by the young men of the village on Jan. 14th. The Tapioca Band will furnish the music.

The rumor that Mrs. Selzer was about to dispose of the Menlo Pharmacy is without foundation. The business of the pharmacy was never better, and she has no desire whatever to sell. The rumor was started by someone inimical to Mrs. Selzer's interest.

Harry Lovie has sunk an artesian well for William Carnduff at a depth of 312 feet securing a splendid flow. The well has a capacity of 65,000 gallons a day and the stream that flows from it finds its way to the marsh and there forms a large pond.

Thomas Douglas and wife were here from Illinois during the week. They will remain in California until next March. Mr. Douglas had charge of the Stanford Arboretum in the early nineties. He is now one of the wealthiest nurserymen in Illinois.

Mr. Derby, a brother of Mrs. R. Stevenson, is lying at death's door at his home at Fair Oaks. He came down from San Francisco to spend the holidays with his sister, and was taken ill with pneumonia. There is no hope for his recovery. Mr. Derby has been connected with the Southern Pacific Company for the past thirty years.

Thirteen wells have been sunk on the bay shore at Ravenswood recently, and a force of men are boring for more. It is generally understood that the Southern Pacific Company is testing for a foundation for its railroad across the bay, which is soon to be built. The road is to haul all the freight to Ravenswood Point, instead of crossing at San Francisco.

David Arnett met with a shocking accident at St. Patrick's Seminary Thursday He was working with the bricklayers on the lower story of the new building, when a brick fell from the top story, striking him on the head. His skull was fractured and he remained unconscious for some time. Yesterday he regained consciousness, and the physician holds out hope of his recovery.

The electric road promoters have been hampered for some weeks in their efforts to secure rights of way at Fair Oaks and for a time it was thought that route would have to be abandoned. However, all obstacles have been overcome and the road will be constructed through town to Fair Oaks. It is understood the road will parallel the railroad track on its right and that the work of construction will begin within three months.

All the saloons in Mayfield were closed Tuesday. Several of the saloon-keepers were arrested and their trial will be heard in the Superior Court of Santa Clara County to-day. They have retained a San Jose attorney to defend them. It is understood that only a feeble effort will be made to defeat the ordinance compelling the saloons to close. The faculty at Stanford recently organized to fight the liquor traffic here. A bill is being prepared and will be presented to the present Legislature compelling saloons to close within three miles of the University. The bill will have many champions and many adversaries in both houses. Liquor men here feel confident that it will not be adopted.

I was all run down from nervousness and overwork and had to resign my position and take a rest. I found that I was not gaining my strength and health as fast as I could wish, and as your Wine of Cardui was recommended as such a good medicine for the ills of our sex, I bought a bottle and began using it. I was satisfied with the results from the use of the first bottle, and took three more and then found I was restored to good health and strength and able to take up my work with renewed vigor. I consider it a fine tonic and excellent for worn-out, nervous condition, and am pleased to endorse it.

Dog's Memory of a Bee Sting.

"Something must have stung your dog," said a resident of this city to a suburbanite, whom he was visiting a few days ago, as he noticed the antics of a large collie which, after snapping frantically at a flying insect, lowered his head and carefully licked his right forepaw.

"No," replied the owner of the dog, "that is only a little delusion of his. When he was a puppy a bee stung him on that foot you see him attending to, and ever since he has cherished a standing grudge against flying insects. Apparently the sight of one not only arouses his anger, but recalls most vividly his first experience with one, for each time after running after one, whether he catches it or not, he stops and tenderly licks the place where he was stung two years ago. As far as I know he has never been stung since then."—Philadelphia Press.

MATTER AND FORCE.

Their Indestructibility Proved by Newton's Famous Axiom.

Mr. Spencer has said ("First Principles," page 182) that "the verification of the truth that matter is indestructible" rests only upon "a tacit assumption of it." "A tacit assumption," with no rational basis for the assumption, would be no verification; it would be a guess. The truth that matter and force are indestructible rests upon a better ground than an assumption. It is the inevitable corollary of Newton's Third Law of Motion, which is accepted as the fundamental axiom of physics, "To every action there is an equal and opposite reaction." If there could be a single case in which matter and force are annihilated, then Newton's axiom would be untrue, for in that case reaction would fail to follow action. The turning of something into nothing by the destruction of matter or force would break the succession of cause and effect, of action and reaction, and consequently the theories of the indestructibility of matter and of force have their roots in Newton's axiom, in the great law of consequences, of equivalence, of compensation, of balance.—From "Balance: The Fundamental Verity," by Orlando J. Smith.

FREEBOOTERS.

In England They Were Moss Troopers, in Ireland Bogtrotters.

Moss troopers in olden days in England infested the marshy country of Liddesdale and subsisted chiefly by rapine. Such freebooters in Ireland were called bogtrotters, apparently for a similar reason.

Sir Walter Scott, in the "Lay of the Last Minstrel," introduces the word thus:

A fanciful moss trooper, the boy
The truncheon of a spear bestrode
And round the hall right merrily
In mirule foray rode.

This name was also given to marauders upon the border. Mr. Camdem calls them borderers and describes them as a wild and warlike people. "They are called moss troopers," says Fuller in a long account of them in his "Worthies of England," "because they dwell in the mosses and ride in troops together. They dwell in the bounds or meeting of two kingdoms, but obey the laws of neither. They come to church as seldom as the 29th of February comes into the calendar."—Pearson.
